Splash Screen

Advertising Opportunities

The Highland Council has the opportunity for you to advertise to all of their 10,000 employees as they log on to their computers every day. Advertising on their splash screens will give you guaranteed exposure as the screen appears as soon as employees log on and will stay there until the employees clicks out of it. Advertising on the splash screens also includes the Highland Council staff screen saver.

This is a great opportunity for your company to promote any message, offers of information directly to a large group of employees across the Highlands.
